

## INDIGESTION, GAS OR SICK STOMACH

Time it! Pape's Diapepsin ends all Stomach misery in five minutes.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Diapepsin, get this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food. Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or bad stomach. Adv.

### His State.

"Is the old man swearing off this morning?"

"No, he's swearing mad."

## FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25 Cent Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any store, and after the first application your hair will take on that life, luster and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp. Adv.

### Should Wear a Skull Cap.

"How did Teller get his cold?"

"All the drafts in the bank go through his cage."

## SYRUP OF FIGS FOR A CHILD'S BOWELS

It is cruel to force nauseating, harsh physic into a sick child.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to cleanse the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Adv.

With the onward march of civilization more opportunities arise for men to make fools of themselves.

### To Drive Out Malaria

And Build Up The System Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents.

A little nonsense is always appreciated by the man who is not the target of the joke.

### DON'T GAMBLE

that your heart's all right. Make sure. Take "Renovine"—a heart and nerve tonic. Price 50c and \$1.00.—Adv.

No man ever respects a woman who doesn't respect herself.

## SEVEN IS TOLL OF ARKANSAS FLOOD

CREST OF OVERFLOWING RIVERS BRING MORE DESTITUTION AND DEATH.

### MANY RESCUES ARE MADE

Fifty Persons at Gould Make Skiff and Escape—Over 300 Convicts Marooned at Cummings Are Also Saved.

Little Rock.—Seven lives have been lost and hundreds of thousands of dollars damage done by the floods devastating Arkansas up to Feb. 3. Hundreds of families are homeless and it is expected that the loss and suffering will be increased.

Tom Perguis, a farmer, near Newman, was drowned near Newman when he attempted to steer a skiff through a swift current. Another white man was found dead near Newman. It is presumed he had been exhausted by the cold and drowned. He has not been identified.

A negro family, father, mother and child were drowned near Melwood. Two other deaths had been reported previously.

The crest of the Arkansas river flood, now well down the river, is causing new destruction and suffering and death in the counties of Southeastern Arkansas. Water pouring through a half dozen breaks in the levees is flooding towns in Lincoln and Desha counties. These towns are filled with persons who have fled from their homes in the lowlands, and much suffering will result unless aid is sent speedily.

Fifty persons, many of them women and children, who had spent twenty-four hours marooned in a store at Gould, Desha county, rescued themselves when an attempt to go to their rescue failed. A motor launch, which had been sent on a special train from Pine Bluff, was rendered useless by the engine freezing. The telegraph operator in the railroad station at Gould stuck to his post, and when he was informed that no help could come from the outside for another day at least, the men in the store built a boat from shelves torn from the store. This crude boat made several trips, conveying all the marooned persons to high ground in safety, although the trips were perilous in the swift current of the flood waters.

The crest of the White river flood has reached the lower course of the river and has driven many residents of the lowlands from their homes, but no widespread damage is reported. The flood in Newport is slowly subsiding and it is reported that there is no real distress there.

Between 300 and 350 negro convicts marooned on a broken levee in front of the state convict farm at Columbus have been rescued.

### 10 KILLED IN EXPLOSION.

Four Others Are Seriously Hurt When Boilers of Towboat Burst.

Huntington, W. Va.—Ten persons were killed and four seriously burned by the explosion of the boilers on the towboat Sam Brown of Pittsburgh, in the Ohio river here. The explosion is believed to have been due to the admission of cold water into the boilers.

The blast was terrific, bodies and wreckage being hurled to the shore on both sides of the river. The dead included the captain of the tug. The boat carried a crew of 23 persons, many of whom, however, were on the tug's tow at the time of the explosion.

The Sam Brown was owned by the Monongahela River Consolidated Coal and Coke Company of Pittsburgh, and was valued at \$25,000.

### WARNINGS ARE OUT.

Lower Ohio and Mississippi Stations Get Word.

Washington.—Flood stages in the lower Mississippi approaching any recorded in past years are the predictions here by the weather bureau. For Natchez a stage of 52.5 was predicted by Feb. 20; Baton Rouge, 43 feet; Donaldson, 34 feet, and New Orleans, 21 feet, by early in March. Other flood crests indicated were: Memphis, 45; Helena, 53; Arkansas City, 55; Vicksburg, 52.

### Rescuers Are Drowned.

Porum, Okla.—Three were drowned at the waterworks lake, one mile north of here, while they were trying to rescue Stella Anderson, who went through the ice.

### Calls Third Degree Brutal.

The burning of witches, the ducking stool, the pillory, the personal subjection to ridicule, scorn and mockery of a century ago, so prevalent in this country after translation from abroad, have passed away, but in their place, writes Edwin M. Abbott in Case and Comment, was substituted a system of third degree sweating of suspects and corporal punishment, starvation and brutal maltreatment of convicts. Many instances could be cited of the rigors of the third degree. Denials have

## WILD CHEERS FOR WILSON

16,000 Persons Join the President in Patriotic Outburst At Kansas City by Singing America.

Kansas City, Mo.—President Wilson in his speech here demanded that steps be begun during the present month to back him up in defending American lives and commerce abroad. His demand met with shouts and applause from an audience of 16,000 persons, who waved American flags, leaped to their feet and cheered.

When the president ceased speaking he leaned forward and asked the great throng to join him in singing "America." The band played softly, the audience stood and the words of America's national anthem came in a burst of song.

The big crowd was for the president from the start. It waited patiently an hour to see him and cheered itself hoarse in a three-minute demonstration when he appeared. Sixteen thousand heard him; 20,000 were turned away, and 10,000 more tried to glimpse him as he left his hotel for the hall.

"Why, some men in Washington are questioning if we could get the 500,000 men for which the government is asking," he said at one point of his address. "Would they volunteer?"

A man in the far end of the hall shouted his answer over the heads of the crowd. "Yes," he cried.

A dozen men—a score—echoed the word, and the hall was in a turmoil. President Wilson then held out his hand.

"Why, I believe," he said, as the tumult died, "you could raise the 500,000 men in almost any state. I believe you could get 5,000 men right here in this audience."

"I have been thrilled by the experience of these last few days," the president said, "and I will go home to Washington and smile at the gentlemen who say the United States is not awake."

"Those gallant men who sit on the hill in Washington and make our laws are going to deliver the goods—the crowd cheered."

"Don't misunderstand me. They are going to deliver the goods, because you want the goods delivered."

The president said the time had come for him to ask his fellow-citizens to "get upon your hind legs and talk and tell the people who represent you what the nation desires and demands. The thing that everybody in a democracy is listening for is the tramp! tramp! tramp of the facts."

"I have come to ask you what is back of me in this task of preserving at once peace and your honor," the president said.

## BRITISH LINER A LIE

The English Steamer Appam Puts in at Norfolk With German in Command—Believed Lost.

Norfolk, Va.—Given up for lost days ago, the British passenger liner Appam, plying in the West African trade, appeared like an apparition in Hampton Roads, flying the German naval ensign and with her ship's company under guard of a German prize crew. She brought word of a mysterious German commerce raider, the Moewe, which now roams the seas, and had on board the crews of seven British merchantmen and admiralty transports captured by the Moewe before she seized the Appam and started her across the Atlantic for an American port, with Lieut. Hans Berg of the German naval reserve and 22 men in charge.

The Appam now lies off Old Point Comfort, under the guns of Fortress Monroe, waiting for the state department at Washington to determine her status—whether she is a man-of-war, subject to internment or a German prize. The customs authorities here hope to have orders to send the ship either to Norfolk or Newport News, where the anxious waiting British civilians will be put ashore.

According to the story told with great reserve by Lieut. Berg to Collector Hamilton, when he formally reported his presence in American territorial waters, the Moewe captured the Appam, bound from Dakar, British West Africa, for Liverpool, after a brief show of resistance on Jan. 16, 60 miles north of the Madeira

### Girl Fells Bank Robbery.

Kansas City, Mo.—The bravery of a 16-year-old girl—Frances Gussion—saved the funds of the private banking house of Luis D. Lustig, at 26 North James street, Kansas City, Kan., and perhaps the life of her employer.

While Lustig struggled on the floor of the banking rooms with two armed robbers Miss Gussion, who is a bookkeeper at the institution, rushed into the street and gave the alarm. The robbers fled, leaving behind \$3,000, which lay in a desk drawer.

been publicly made by police officials but the truth remains, the third degree was and still is a mockery of the law practiced in many quarters. The "confession" of a criminal, wrung from him under circumstances too brutal to describe, has often resulted in conviction of innocent persons.

### Favor Not Appreciated.

Sometimes, when you do a man a favor, all you get is his resentment for having caught him at a disadvantage.

## CANADA'S HOUSE OF PARLIAMENT BURNS

SEVERAL LIVES LOST WHEN MAGNIFICENT BUILDING AT OTTAWA IS DESTROYED.

### EXPLOSION BELIEVED CAUSE

Panic Among Spectators When Fire Is Discovered and Many Have Narrow Escapes.—Contents Were Invaluable.

Ottawa.—The historic Canadian Parliament building has been destroyed by a fire declared unofficially to have been caused by the explosion of a gas bomb or an infernal machine. Two women, guests of the wife of Speaker Severyn, were overcome by smoke and perished. Several policemen and firemen were buried under debris when one end of the building collapsed. Frederick F. Pardee, chief Liberal whip, and William S. Loggi, a member of Parliament from New Brunswick, are missing, and it is feared they have lost their lives.

It has been established that the first burst of flame in the reading room of the House of Commons was preceded by at least one explosion, and probably by two. The force of the concussion was so severe that persons standing some distance away were hurled to the floor. A rigid investigation to determine the cause of the fire already has been undertaken by the Dominion government.

The flames spread with such amazing rapidity that the Ottawa fire brigade was utterly helpless to cope with them. Aid was sent from Montreal on a special train.

The loss cannot be estimated in money. The building was valued at about \$5,000,000. But the contents are of inestimable value. There was no insurance.

Members of the Parliament, spectators in the gallery of the lower house, government employees and others who were in the building, narrowly escaped death or injury. Within a few minutes after the fire began corridors were filled with smoke and at many points walls of flame barred progress. There were many doors to the great building, but since the outbreak of the war all except the main portals have been closed to safeguard the legislators. This precaution made escape more difficult and probably was responsible for the deaths of Mme. Bravy of Montreal and Mme. Morin of Beauce, in one of the rooms of the speaker's suite.

Mme. Severyn saved her two children by dropping them into a fireman's safety net and then leaped to safety herself. Another of her guests, Mme. Dussault, saved herself in the same way.

### CANAL NEEDS PROTECTION.

Garrison of Our Ditch Should Be 25,000 Men, Says Army General.

Washington.—Twenty-five thousand men, or more than one-fourth the total strength of the standing army, are needed to insure adequate protection of the Panama Canal, Brig-Gen. Clarence R. Edwards, commanding the canal garrison, told the senate military committee in outlining his opinions on national defense.

Fixed fortifications, no matter how strong, cannot guard the zone, Gen. Edwards said, and without a mobile army to back them up, the guns already there are a source of weakness, not strength. He declared the jungle in parts of the zone would be more of a protection than a hindrance to an approaching enemy.

"But this is far from all," he added. "At a distance of from 17 to 20 miles from the axis of the canal on the Pacific side the country is not only free from jungle and the ordinary tropical growths, but it is as open as are parts of New Mexico and Lower California. There an enemy is offered every facility for landing mobile troops and reaching by easy marches the vitals of the canal—the Miraflores and Pedro Miguel locks. The most casual reflection by any military student familiar with the facts should show that we must never let an enemy approach within 10 miles of the locks."

### McADOO CANCELS TRIP.

Pressing Business Will Prevent Secretary's Visit to Memphis.

Washington.—Secretary McAdoo has announced that he has indefinitely postponed his trip south, which would have taken him to Memphis, Tenn., Dallas, Texas, Birmingham and several other cities. Pressing departmental business was said to be responsible. When the trip will be taken is not known.

### First English Music Printing.

In England the first known attempt at music printing was in 1495 by Wynken de Worde, at Westminster. A book in the British museum proves that for music was printed in England in 1530. The typography is identical with that of Petrucci.

There was little or no improvement in the principle of setting up movable music type for some time. Nothing could be more excellent than the book printed by Worde alluded to above, but that was the result of double printing.

## SAYS NAVY IS PREPARED

Fleet is Adequate, Says President, But Army is Not Large Enough For Even Peace Duties.

Chicago.—The United States has made preparations for immediate war as far as the navy is concerned, although the present naval force is inadequate in size, President Wilson declared in an address before several thousand persons in the Auditorium here. "We mean business," he said, in speaking of the preparedness plans of the administration.

"We have given to the present fleet of the United States an organization such as it never had before, I am told by Admiral Fletcher," the president said. "And we have made preparation for immediate war, so far as the navy is concerned."

"The army," the president said, "as at present constituted, is not large enough even for the ordinary duties of peace."

The president repeated his warnings that no time must be lost in strengthening the defenses of the nation. He declared the government was doing everything it could for preparedness.

"When I see some of my fellow citizens spread tinder where the sparks are falling I wonder what their ideal of Americanism is," the president said. America, he said, had been cruelly misjudged by the nations now at war.

"I know that on the other side of the water there has been a great deal of cruel misjudgment with regard to the reasons why America has remained neutral. Those looking at us from a distance do not feel the strong pulses of ideals and principles that are in us. They do not feel the conviction of America, that our mission is a mission of peace and that righteousness cannot be maintained as a standard in the midst of arms. They do not realize that back of all of our energy we are a body of idealists, much more ready to lay down our lives for a thought than for a dollar."

"They suppose, some of them, that we are holding off because we can make money while others are dying, the most cruel misunderstanding that any nation has ever had to face—so wrong that it seems almost useless to try to correct it because it shows that the very fundamentals of our life are not comprehended or understood."

## RECORD STAGES FOR RIVER

Weather Bureau at Washington Sends Out General Warning—High Water Will Approach 1903 Record.

Washington.—The weather bureau has issued this special river bulletin:

The following supplementary forecast has been issued for the Ohio river at Cairo and for the Mississippi river below Cairo:

Cairo, a stage between 53.5 and 54 feet on Saturday or Sunday, Feb. 5 and 6. The highest water of record was 54.8 feet, on April 4 and 7, 1913.

Forecast of 45 feet at Memphis and 53 feet at Helena by Feb. 12 remain unchanged.

At Arkansas City a stage of 56 feet is expected between Feb. 8 and 10, with a further rise expected later. This will be 0.6 feet above the previous high water stage of April 12, 1912.

At Greenville, Miss., a stage of 50.5 feet is indicated between Feb. 8 and 10; this will be 0.8 feet below the high water stage of April 13, 1912.

At Vicksburg a stage of 52.5 feet is indicated between Feb. 8 and 10, equaling the high water record of April 16, 1897, with some further rise to follow later. These forecasts are predicated upon the assumption that the main line levees will remain intact.

A stage of 25.5 feet in the Yazoo river at Yazoo City, Miss., is indicated by Feb. 11.

Flood warnings have also been issued for the Alabama river and the rivers of the Carolinas. Supplementary warnings have also been issued for a stage of 37 feet in the White river at Clarendon, Ark., by Feb. 12. This stage will be 0.4 foot above the previous high water stage of March 20, 1890.

### President's Train in Mishap.

Grinnell, Iowa.—President Wilson's special train backed into a crowd of 3,000 persons at the railway station here and knocked down half a dozen children, several of whom fell under the train and between the rails. They were dragged out unhurt. The president was on the back platform at the time, just about to shake the hands of a baby held up to him by its mother. The smile on the president's face quickly gave way to a look of alarm. He straightened up and shouted "Stop the train!"

### Raise \$4,000 For Schools.

Brookhaven.—A canvass of this place for the cause of the Presbyterian Church schools in the State resulted in the collection of about \$4,000.

and both ancient and modern printers who have tried the method have found its disadvantages so great that they have abandoned the process.

### Poodle Dog Tries Bobcat.

A 22-caliber poodle dog tried a 45-centimeter bobcat near the tankhouse of the city waterworks in Parley's canyon and kept him in a state of siege on the top of a telephone pole until the feline was shot by Louis Shrieker caretaker at the tankhouse, according to the Salt Lake Tribune.

## BILIOUS, HEADACHY, SICK "CASCARETS"

Gently cleanse your liver and sluggish bowels while you sleep.

Get a 10-cent box.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months. Adv.

### Jealous.

"What a beautiful complexion Mrs. Blank has tonight."

"Yes; I've noticed that, too. I wonder what druggist she is patronizing now?"

## A GLASS OF SALTS WILL END KIDNEY-BACKACHE

Says Drugs Excite Kidneys and Recommends Only Salts, Particularly If Bladder Bothers You.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

### Peace at Any Price.

"Do you let your wife have her own way?"

"Certainly; and most of mine."—Boston Transcript.

## GRANDMA USED SAGE TEA TO DARKEN HER GRAY HAIR

She Made Up a Mixture of Sage Tea and Sulphur to Bring Back Color, Gloss, Thickness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of the famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.—Adv.

Men tell more lies about their weight than women do about their age.

Spartan Women Suffered Untold Tortures but who wants to be a Spartan? Take "Femenina" for all female disorders. Price 50c and \$1.00.—Adv.

Money talks. That is why they put a woman's head on the silver dollar.

Piles Cured in 6 to 14 Days Druggists refund money if PILE OINTMENT fails to cure itching, blind, bleeding or protruding Piles. First application gives relief. 50c.

Police men, like rainbows, are apt to appear after the storm is over.

Dr. Pierce's Pleasant Pellets are the original little liver pills put up 40 years ago. They regulate liver and bowels.—Adv.

Whisky straight is the cause of crinkled walk the effect.
